SUMMARY

- Computer Science undergraduate seeking full time or part time employment. Currently attending East Los Angeles College, expected transfer date is after June 2021. Experience primarily focused on front end technologies and C#.

EDUCATION

East Los Angeles College   **Aug 2018 – Present**
BS, Computer Science   *Monterrey Park, CA*

- Dean's List, STEM Academy Completion Award, AMATYC Participant.
- MESA Member, ELAC Physics Club Member, UCSD Summer Academy Participant.

PROJECTS

Portfolio Website

- Constructed a Responsive portfolio using, HTML, CSS, SASS, Bootstrap, and JavaScript. A Portfolio website to showcase my work with a responsive UI and a clean and modern design.

Sudoku Solver

- Created a program that solves multiple games of Sudoku using C++. This program was made using multi-dimensional arrays, methods, loops, and more.

Space Website

- Designed and developed a space themed website using HTML, and CSS with UI principles in mind to allow for a clean user interface and an overall better experience. https://spacedout.000webhostapp.com/
